

Subject: Energy Division data request for additional information for Advice Letter (AL) 3754-E, which concerns PG&E's request for approval of a power purchase agreement (PPA) with Vantage Wind Energy, LLC and a firming and shaping agreement with Powerex.

Please provide a detailed response no later than close of business on **Monday, March 28, 2011** to Cheryl Lee. If you have any questions related to the data request they should be directed to Cheryl Lee 415-703-2167; cnl@cpuc.ca.gov.

1. Provide updates for the following areas:
 - a. Online date – what is the current estimated online date (or if it has come online, what was the online date)
 - b. Project milestones – what is the current status of the “Plant Ready for Operation” and “Interconnection Complete” milestones which are listed on page A8 of Confidential Appendix A.
 - c. Permitting – what is the current status of the Water Permit and Storm Water Discharge Permit and Boiler Operation Permit
 - d. Interconnection
 - i. Has an interconnection agreement been signed? If no, what is the current anticipated date? If yes, when was it signed?
 - ii. AL 3574-E estimates interconnection will occur in Q2 of 2011. Is this the current estimate for project interconnection
 - e. Full capacity deliverability status (FCDS) – what is the current status of the project's achieving FCDS
2. Provide information regarding water use:
 - a. What is the secured water source?
 - b. What is the estimated water use for the facility?
