You'll probably need to loop in Antonio too, since I think he's the point person for the modeling project.

Thanks Erik – now get back to vacation.

Erik

We will. Janice, do you want to call, or do you want me to?

Mark

Hello Erik,

I'm checking in with you on the status of your Track I efforts.

I'd like to schedule a meeting to see where you are in the process, and get any info relative to timing or data concerns.

I also need to reserve a room here for your presentation, which is currently supposed to happen no later than April 20th.

I'm in and out of meetings today but will probably be around this afternoon if you want to call about this.
