Subject: RE: DRA David Peck's Request for Confidential Version of Amendment to Application . . .

The attached Confidential Version of PG&E's Amendment to A.11-01-023 is being transmitted to you in accordance with Section 583 of the Public Utilities Code. The Confidential Version consists of the Amendment to the Application plus the Confidential Declaration of Hugh Merriam in support of the Amended Application.

The three QFs whose PPAs are being amended may be representative of other QF sellers. The confidentiality of their PPAs must be preserved in order to avoid prejudice to PG&E's customers' interests.

PG&E's Motion for Leave to file the Amended Application Under Seal is also being provided to underscore the fact that the Merriam Declaration contains confidential market sensitive information that is protected under D.06-06-066 and D.08-04-023. I would be happy to answer any questions you may have about the confidentiality of these materials or the substantive terms of the amended PPAs.

Thanks,
