Brian,

[Redacted] Central Valley Region Emergency Center Lead, will contacted [Redacted] to provide an accurate restoration time or a generator to ensure they don't run out of water. He will provide us with an update.

Gregg

Gregg - can you help me with this water company ? Rami is Division Director of Water at the PUC and claims our inability to restore electricity will result in a water crisis for the community of [Redacted] Could you have someone run this down ASAP ? Thx.

Brian:

I need your help.

I received a call from [Redacted] today. They have been without power since Sunday evening. They expect to be out of water by Wednesday afternoon unless power is restored. They have been unsuccessful in getting any information regarding that from the local PG&E office.

Hillview is the primary water supplier for the community of [Redacted]

Do you have a contact for me?

Thanks

Rami
