Subject: RE: Assm Hill - Recognize [Redacted] and valve efforts

Not using the PUC as the venue. Hill is a blatant and obnoxious publicity seeker. If he wants to honor [Redacted], his old buddy for 50 years, let him do so in his Assembly district (San Bruno). No to the PUC being his prop and stage, as he has attempted to us it before.

Just spoke with Assm Hill. He is interested in doing a recognition event for [Redacted] and the other PG&E employee who acted to close the valves following the San Bruno accident at the CPUC hearing next week in San Bruno. Assm Hill went to high school with [Redacted] and has known him for 50 years.

Hill also spoke with Cmr Sandoval about this idea and she was supportive of the concept but hadn't opined on the venue or how such recognition for their efforts could be made. Hill also mentioned that Sandoval was visiting the San Bruno site on Friday.

Hill threw out the idea of presenting [Redacted] and the other person with a resolution or some other praise at or before that CPUC mtg next week and was interested in our reaction to the idea.

I think it would be a positive thing. I'd like to circle back with Hill today on our final thoughts.

Thanks
