Subject: RE: April 4, 2011 Mtg/Conf Call at CPUC with ED & DRA and
PG&E/SCE/SDG&E to further discuss the QF Interconnection Process

Thank you, Harold.

Here are further logistics for the meeting:

We will likely be meeting in Room 5100 at the CPUC (to be confirmed). Once you arrive at the building, please check in with security. Give them my name and they will call me to meet you.

To join the meeting via conference call, please use the following:

Call-in no. [Redacted]

Participant code: [Redacted]

Best,

Subject: April 4, 2011 Mtg/Conf Call at CPUC with ED & DRA and PG&E/SCE/SDG&E to further discuss the QF Interconnection Process

When: Monday, April 04, 2011 3:00 PM-4:30 PM (GMT-08:00) Pacific Time (US & Canada).

Where: At CPUC in location TBD and announced in a subsequent email - also a call in number will be made available.

All,

I have been working with Jennifer Kalafut to arrange a follow-up meeting on Qualifying Facility interconnections for next Monday April 4, 2011. At this meeting we will further discuss the QF interconnection process. PG&E plans to give a presentation on its FERC/CAISO process proposal as compared with the current Rule 21 interconnection process, answer any questions the CPUC may have, and discuss possible alternatives. Also, if available, PG&E will offer a preliminary summary of any feedback it received from stakeholders since its March 15, 2011, stakeholder workshop in San Ramon.

If there are any additional areas we need to cover please let us know, and please, if I missed any key participants, feel free to forward this as appropriate.

Thanks,
