Agenda and Discussion

1. ALJ Ruling – Timeline for Extension of Current Program Cycle

- Per Simon – desire to get the ruling soliciting comments and an updated ED whitepaper out within next 2 weeks.
- Commission is taking time for internal discussions based on what came out of workshops
- Will have a ruling with a round of comments

2. IOU PFM and Ex Ante Lockdown Update

- Case Management update by Peter Lai
- Gamson working on PD for workpaper issues
- PD recently issued on benchmarking issues, statewide consistency and funding issues

3. PIPs

- All PIPs have been revised and submitted
- ED is doing some quick reviews of the revised PIPs and have noticed some things that might need to be addressed – example was PG&E Industrial – PPM Table
- IOUs will wait to here back from ED on their review so that issues can be addressed prior to sending out not to Service List.
- ED is recommending that there be an Addendum log on EEGA to capture all PIP Addendums on one page. IOUs will work with Jeorge on this.

4. Tables for State Government/Institutional Expenditures

- Jeanne provided a sample of a table that she would like the IOUs to quickly pull together and provide by Friday morning.
- She will be using this in a discussion on State buildings and their need for more support.
- Dollars only in table
- If possible, show numbers separated by gas and electric
