Subject: RE: revised PPA data requests

Steven:

Thank you so much for your understanding.

I just sent the information for Data Request 1 (executed bids/agreements) to both you and Donald.

Three weeks is a workable deadline (if not sooner) to complete Data Request 2 - the due date being no later than Thursday, March 31, 2011.

Thanks

Thanks. Donald is working on a report and needs data from DR 1. DR 2 is not as pressing for us. If we can get DR 2 back within the next three weeks, that should be fine.

Steve:

I can provide you a specific date for the original data request tomorrow - I am waiting on one piece.

Donald - I will have this to you Friday before noon. I have a telephone call into you regarding one question.

Can you give us an estimate on when you can fill the data requests? Thanks.

Steven:

Thank you for the clarification - when you mean final bid, do you mean executed or those bids which made the 'shortlist'?

Thanks

I want to clarify that the requests are for all final bids that result from an RFO and for all final executed contracts that did not result from RFOs. We are putting both kinds of items into one merged database. The different fields in the column headings will help us distinguish whether an item is a final bid from an RFO or an actual executed contract from a bilateral transaction.

I need to correct an omission in the previous template. I've included an extra column in both Line 2 and Line 4 to indicate whether the contract is for energy, capacity, or both.

Steve:

Can we talk tomorrow about the deadlines? Some questions have been brought to my attention which relate to the data to include. Rather than send you the wrong data and then have you re-send it back, I think a quick call would do it.

Subject: revised PPA data requests

Sharon:

This is a follow-up to our phone conversation yesterday in which I mentioned a change to the PPA data request I sent to you on 1/18/11. Attached is a spreadsheet containing the headings for the requested data.

There are two separate data requests:

Data request 1: Please furnish data based on the column headings in Line 2 of the template spreadsheet to include all physical transactions with delivery terms of 1 month duration or longer that were executed from 1/1/2009 to 2/10/2011. Please furnish the data by 2/16/2011.

Data request 2: Please furnish data based on the column headings in Line 4 of the template spreadsheet to include all physical transactions with delivery terms of 1 month duration or longer that were executed since 1/1/2006. Please furnish the data by 3/3/2011.
