Brian,

I have a bit of an odd question for you – please keep this as quiet as you can. I was doing a job search on PG&E's website for jobs located in DC. The search turned up 27 vacancies with **Regulatory Case Manager, Senior-11002433** as one of the vacancies. It seems odd that PG&E would have 27 vacancies in DC so I was wondering if there was any chance that, at the very least, the Reg position might actually be something out there....

Do you know anything about the job?

-M
