Jose reaching out again to get the commissioner assigned before the low income proceedings begin in May. Would like the LIOB to meet and to be in a position to comment on filings before discussions begin. If there is an opportunity to mention something let me know, especially if we agree this stakeholder input is important in the proceedings sooner rather than later. Jose has asked Legislators to reach out to Commissioners.

Commissioner

For what its worth I told Jose Hernandez, member of the Low Income Oversight Board I would convey a couple of thoughts internally. First, he feels is important to push for a Commissioner to be assigned to LIOB so they can resume their work. Second, he has met with Florio and feels he is the right Commissioner for this role.

Jose has been an ally in Sacramento on workforce and low income EE issues. As a third party he always complements the work we do in these areas and he is behind pushing for POUs to do a better job on low income.
