Yes, I am now the lucky one appointed to try to explain this mess to them. I hope I can handle it. This was apparently after they weren't satisfied with our explanations from yesterday which went through Terrie. Even though I will tell them the same thing she did, because I told her what to say.

Sure. I am here for another 10 minutes only (have a lunch commitment), though, but will be back in the office between 1:15-2. Then meeting with you guys about smart meter messaging. You'd think PG&E was the only company under our oversight!!

P.S. I will just add an "(s)" to the accounts and the credit transactions in both bullets in the letter. However, do you think this satisfies Tom and Paul's agreement to spell it out in detail?

Julie - we can live with the letter. Change the ending of point 1 to read, "...pension accounts". The reason for the change is that the \$9.6 million is split between the pension trust and a SERP account (\$1 MM and \$8.5 MM).

Also, could we have our media rep call you (assuming you are talking with the Mercury News ?) to make sure our messaging is the same ?
