Subject: RE: PG&E Meeting Request -- meet with Lindsay Brown

Lindsay,

Sorry to be such a pain. Trying to kill this meeting. Please give me a call if you can. Truly, it is a 5 minute discussion. Just not familiar with protocol in your office. Trying to decide if we need the meeting by tonight because my folks are all bent out of shape about wearing suits tomorrow. And if I can send them an email tonight I won't have to listen to the whining...

Hi Jennifer,

I just came back from agenda review and realized that this item has been assigned to Colette Kersten and that she has already met with PG&E on this matter. Do you still want to meet with me?
