Subject: PG&E's Rule 21 Agenda Additions

Hi Rachel,

Thank you again for allowing us to participate in the Rule 21 agenda process, we are all looking forward to the workshop and our future collaboration on Rule 21.

While the agenda was already very comprehensive, our team elaborated on certain areas based on our discussions (especially given the high volume on PG&E systems). I have attached both a fully edited copy of the agenda and our red-lined version (just so you can see exactly where the changes came from). We are happy to provide further context and answer any questions regarding our changes.

Please let us know if there is anything else we can do to help in this process.

Thank you,
