Subject: Re: update AL work plan

Sean,

Would 10 am tomorrow work? I haven't been directly in loop but am aware of First Solar issue and we will get more information for tomorrow's call. Should I send a conference call number or would you like to call my office?

Thanks,
Meredith

Hi Meredith,

I am available today after 4 pm and tomorrow morning before noon, please let me know if either of these times work for you. Also, I would like to discuss First Solar's Carrizo Plain project. I understand that there are some site control issues with the project that concern PG&E-owned land and may impact the project's viability and/or timing. Are you aware of this issue?

Regards,

Sean
