Subject: RE: Draft workpaper collaboration process

Thank you Peter. As we agreed a few weeks back, SCE will work to set up a meeting next week as the first of regular scheduled ones. The purpose will be to review processes and issues that affect us all. We'll send out a draft agenda in advance of the meeting and find something by the LAX airport which will hopefully be convenient for PG&E.

Again, more info to come soon.

-Steve

Subject: RE: Draft workpaper collaboration process

Hi All,

Please see attached ED's revision of the PG&E draft doc. I've you all a clean ED version as it is easier to read. I've attached PG&E's original draft in the event you might wish to merge and compare the two docs.

After you've had a chance to review, let schedule a conference call next week to discuss, and find a set monthly meeting day and time. I will send out a doodle.com poll to get some dates from you all. I do not wish to spend too much time to word smith this document as we simply should begin the process. I appreciate PG&E, and SCE, being proactive on this.

Thanks, and have a nice weekend.

Peter

Subject: Draft workpaper collaboration process

Hello Peter-

I am attaching a draft version of the workpaper collaboration process document for ED's comment. PG&E and SCE have provided edits and we haven't received any from Sempra yet.

If the ED is close to agreement with the process let us know and we will schedule a conference call to discuss it. If you would like to send us any edits please cc: the list on this email.
