Chris,

Thanks for the message. I'll have folks starting to work on this, and find out from management/law how much we can share before official settlement.

I'll follow-up soon.

Shilpa

Shilpa,

I am seeking your input at this time on one of the key elements for the upcoming all-party meeting: The schedule for the various studies for the 2014-2016 cycle.

Can you look at ED's presentation during the Feb workshop and then provide me your view of a detailed schedule we can advance with the parties? The target is to get a final decision approving the portfolios by March 31, 2013. January 31, 2013 will be impossible, I am learning.

This of course assumes we'll agree to a streamlined process folks are comfortable enough with to not dispute ED's final decision on how to prioritize the studies and the completion and outcome of the studies themselves.

I need this as soon as possible.

If you decide you'd rather wait till the all-party meeting to provide your views, I understand. I'm just trying to work the informal channels at this point to increase the probability of reaching agreement.

Please call me Monday if you can. I get in early at 7:30AM

Thanks,

Chris
