Subject: RE: CPUC Data Request

....this is not just for data request responses, right? So any letters back and forth re: hydrotesting program, for example? Or pressure reductions or whatever else comes up....?

Trina- we have created an email for gas safety stuff so your folks can send just to that address (SanBrunoGasSafety@cpuc.ca.gov) and it will go to our whole team without having to figure out which person is lead. Can you let your folks know when they respond to data requests they can use this address?

Thanks!

Michelle

Dear PG&E Representative,

Please provide a response to the following request by COB April 29, 2011:

1. Provide a list of PG&E-hired consultants and contractors engaged in San Bruno Incident related activities.
2. For each contract, include the scope, estimated cost, and present status of work performed.

Thank you,

Terence Eng

Utilities Engineer
