Subject: Hydrotesting

In a conversation with Paul Clanon this afternoon, I recounted the presentation Bob and the other operational officers gave today on hydrotesting. I suggested to Paul that we would be happy to present a similar presentation to Commissioners, staff and the public if he thought that would be helpful. Paul thinks such a presentation done in advance of hydrotesting would serve PG&E and the Commission well. He suggested that a presentation in the Commission's auditorium with visuals would be well

attended. I've asked Trina Horner to work with Michelle Cooke at the PUC to see if space is available for us to do that before hydrotesting begins. I also suggested that we would bring along some industry experts in hydrotesting based on their availability. I believe this would be a great opportunity to engage in proactive outreach and education for the Commissioners and their staffs. Bob - I hope I didn't over commit you…...
