Subject: RE: anything to share on PG&E commitments to Speier to accelerate replacement vs. hydrotesting?

What I know now is that PG&E has asked her office for a meeting on the 26th, which is the day before her Town Hall. There are no meetings planned with her office before the 26th, that I've heard of. Will continue to try to pin down content.

We have meet scheduled tomorrow afternoon.

If not today, we need to chat in the morning.
