Working on it. the PP version has not been finized but it should be a 2003 version so that more recent versions can play it. Does that work?

Hi Robert and William,

I tried to respond to William and forward to Robert at the same time, using my phone. Apparently it did not work out so well.

William, Robert's phone number is 415-703-1496, but I believe that Robert will be contacting you directly.

Karen:

Our witness Kirk Johnson plans on using a Power point presentation during his testimony on Monday's Order to Show Cause hearing. I understand it will be held in the Auditorium. Will your projection equipment be available along with an operator? And is all we need to bring is a memory stick or CD?

Thanks in advance for your response.

Call me on my cell phone if you want to discuss this at all. Redacted.
