Bill (or Trina, since I think Bill is away today)- I have gotten feedback from our folks internally about the communications materials and have a couple of things on that (pretty minor) so you can get to print. I'm at my desk 415 703 2637.

All:

Thank you for your focused and fast response to our letter regarding hydro testing. We will immediately begin preparing a response to the requests in your letter.

I understand that we will be receiving comments tomorrow from the Public Advisor and you on the draft communications materials we have prepared and that we will wait to incorporate those before we begin execution on our initial communications plan.

Bill Stock
