Subject: RE: Two quick hydrotesting topics

1) yes, we have those dates.

2) Re: attendance, since we don't yet know exact details of the test (timing, interesting parts, etc.) we don't know who might attend. Paul has expressed interest. Bill was going to find out whether there are any special requirements (personal protective devices, safety training, etc.) that would limit attendance. Once we have schedule, then we will decide attendance.

Michelle, I think we've covered these but just double-covering the bases: 1) you have the dates and times of the Mountainview and Antioch Town Hall meetings next week, right? The dates and times were in the letters to customers, but I just wanted to double check. If not, we will get them to you. 2) no commissioners or Paul at the first two tests, correct? CPSD only? You? I think there is a call later this pm to talk about some of this but I just wanted to check. Thanks!

Trina
