Subject: 2nd Annual UC Hastings Cleantech Roundtable - REMINDER

Please follow the below link and register if you plan to attend.

**UC Hastings College of the
Law**

200 McAllister Street,

Alumni Reception Center

San Francisco, CA 94102

**The Future of Electric Energy
Storage in California**

**Electric Energy Storage (EES)
has long been seen as the key
to unlocking California's
renewable energy potential.**

By allowing the energy from wind, solar and other renewables to be stored for future use, EES has the potential to fundamentally transform the way we use electricity. However, despite advances on the technology and policy front, the future of this industry still very much depends on the ability of California to embrace this opportunity and overcome the myriad challenges inherent in a transition as profound as this promises to be.

Come hear from the leading minds in the utility, regulatory, and investment communities as they discuss the future of this potentially transformative industry in California.
