Subject: Diablo Canyon Tour

Commissioners - PG&E operates the 2100 MW Diablo Canyon Nuclear Generating Station in San Luis Obispo. I would like to extend an invitation to you and your staffs, schedules permitting, to visit the station at your convenience. If you are interested in scheduling a visit, my assistant [Redacted] [Redacted] will handle all arrangements. The drive to Diablo Canyon from San Francisco is approximately 3 1/2 to 4 hours. There is also an airport in San Luis Obispo and the drive to the plant takes approximately 15 minutes.
