PG&E is available this any time this Thursday afternoon and Thursday next week (except from 2-3 PM). PG&E proposes the agenda below for everyone's consideration. We're anxious to get this meeting scheduled and held so we can move forward on ensuring ample customer/vendor notice on any changes and regulatory next steps.

Thanks all.

All,

Thursday would have been much better for CPUC folks, because Jeanne will not be able to attend early next week, including Tuesday. She is out Friday of this week and Mon - Wed of next week. What about Thursday or Friday next week? Do we need all the utility folks to attend in person? We can always set up a phone line for anyone who can't be there in person.

If early next week (Mon - Wed) is the only time that work for the IOUs, I will attend for Energy Division possibly along with folks from CPUC Legal. Tuesday afternoon is open for me, except 2-2:30PM. But again, my preference would be to do it this week or next week at a time that Jeanne can attend.

Can someone from the IOUs please propose a detailed agenda so that we can assess who needs to be there for CPUC? Thanks!

Best,

I am already in SF on Tuesday the third for a prehearing conference, so that would work best for me. I could make Wednesday or Friday work also.

Hello all,

Thank you for working with us on scheduling the meeting. Next week the best day to meet would be Wednesday May 4th, but I could also arrange to be available Tuesday the 3rd or Friday the 6th. I can't see Ted's schedule at the moment, but as I recall he had some similar availability. Please copy Eileen Cervantes-Selleck on the final meeting time and date in my absence. Thank you!

I look forward to meeting and working with all of you.

Simon, Jeanne,

I just heard from our new Mark(s) that they are unavailable this Thursday. I'm including Gillian Wright (SoCalGas) and Ted Reguly (SDG&E) on this email. They are looking for a time in the near future when they can be available; I'll let them propose some options.

In the meantime, we are trying to get you the memo this week.

Thanks.

All,

Jeanne, Cathy and I are open on Thursday afternoon. Arocles and pouneh from Legal are also open at that time. Should we schedule 1.5 hours, since we ran over last time? If so, I suggest either (a) 2-3:30, (b) 2:30 - 4, or (c) 3 - 4:30. Please let me know which you prefer, and I will schedule it. Thanks!

Simon, et al,

How about Thursday sometime between 2-5 PM? We'll let the Sempra folks decide if we should call-in or do an in-person meeting.

We are in stages of review with the memo and expect to have to share with you on Thursday.

Thanks.

Hi All,

Next Thursday works for me. Any updates on the gas PPP options memo the IOUs were preparing, planned for completion this week?

Best,

Let's look at a time later next week. As you know, we have a new assigned commissioner for EE, with no previous background on these matters.

We are expecting to conduct briefings shortly in three waves -- 1) an overall briefing on EE and its moving parts, 2) the RRIM issue, and 3) the moving-forward issues of gas PPP, electric PGC reauthorization issues, and the next portfolio approach and the related need for bridge year program and funding treatment.

Jeanne, Simon,

Now that the gas sweep data request has been submitted and we're in process of preparing the memo for you, it would be a good time to check in. We're not sure if you were planning on issuing a ruling based on the data response or taking another action.

Should we get together in person or phone over the next week to discuss next steps? Thursday afternoon seems to be a generally good time.

Thanks.

Shilpa
