Subject: RE: Joint Utility Consolidated Response to EEGA Data Requests 1452, 1453 and 1454 -- re use of gas PPP funds for EE programs

Thank you everyone for your efforts on this. I also want to acknowledge you have filed it on a confidential basis. Just to clarify, I am assuming that confidential status pertains only to the utility personnel question and/or possible prioritization of available funds, and not to the \$ spending and invoicing info. We most likely will have to use \$ info in any ruling or other proceeding action.

Thanks for clarifying this point.

Jeanne

Subject: Joint Utility Consolidated Response to EEGA Data Requests 1452, 1453 and 1454

Please find the consolidated response of Pacific Gas and Electric Company, San Diego Gas & Electric Company and Southern California Gas Company to the above referenced EEGA data requests.

Because the response contains proprietary and confidential business sensitive information it is being submitted pursuant to the provision of General Order 66-C and PU Coder Section 583. The Utilities have posted the cover letter to the EEGA website and are providing the confidential response directly to CPUC staff.
