Subject: Gas PPP data request - Follow-up questions (and fulfillment of original request)

Shilpa - Thanks for the update. We will look for the options memo this week.

Athena / Joy -

We were expecting Sempra would provide aggregated data across the 3 IOUs, where such presentation was specifically requested. Indeed, we thought that was why Sempra asked for the extension. There were several places where aggregated data was not provided (e.g., The "answer 5" data tables, and for answers to the first few questions). Please resubmit the data request response asap, as requested with aggregate data. Thanks!

Also, we have three additional follow-up requests / questions for Sempra:

1. PG+E provided a breakdown of pre-2010 unspent balances for EE funds, as well as unspent 2010-2012 funds by 7/1/2011. The pre-2010 balances appear to be the only "new" funds (i.e. authorized, unspent, and not subject to the gas PPP sweep), so we want to see that for each of the Sempra utilities, as well. We also want to see the 2010-2012 authorized unspent until 7/1/2011, separately for each utility..
2. PG+E provides data on unspent funds for electric, as well as gas; SDG+E does not. We request that SDG+E provide the data for electric as well.
3. Question: We are interpreting negative (i.e., parenthetical) numbers to mean positive balances that could be used to pay for gas programs, per an explanatory note in one of Sempra's tables. Is that correct?
4. Sempra reports approximately \$20M pipeline, but we want to clarify whether this is monthly for FY 11-12 or some other period.

Best,  
Simon

Thanks again for the update.

**Subject:** RE: Gas Sweep Part 2 Meeting?

Simon, Jeanne,

I just heard from our new Mark(s) that they are unavailable this Thursday. I'm including Gillian Wright (SoCalGas) and Ted Reguly (SDG&E) on this email. They are looking for a time in the near future when they can be available; I'll let them propose some options.

In the meantime, we are trying to get you the memo this week.

Thanks.

Shilpa

**Subject:** RE: Gas Sweep Part 2 Meeting?

All,

Jeanne, Cathy and I are open on Thursday afternoon. Arocles and pouneh from Legal are also open at that time. Should we schedule 1.5 hours, since we ran over last time? If so, I suggest either (a) 2-3:30, (b) 2:30 - 4, or (c) 3 - 4:30. Please let me know which you prefer, and I will schedule it. Thanks!

Best,

Simon Eilif Baker

Supervisor, Energy Efficiency Planning

Climate Strategies Branch

California Public Utilities Commission - Energy Division

Simon, et al,

How about Thursday sometime between 2-5 PM? We'll let the Sempra folks decide if we should call-in or do an in-person meeting.

We are in stages of review with the memo and expect to have to share with you on Thursday.

Thanks.

Shilpa

**Subject:** Re: Gas Sweep Part 2 Meeting?

Hi All,

Next Thursday works for me. Any updates on the gas PPP options memo the IOUs were preparing, planned for completion this week?

Best,  
Simon

Let's look at a time later next week. As you know, we have a new assigned commissioner for EE, with no previous background on these matters.

We are expecting to conduct briefings shortly in three waves -- 1) an overall briefing on EE and its moving parts, 2) the RRIM issue, and 3) the moving-forward issues of gas PPP, electric PGC reauthorization issues, and the next portfolio approach and the related need for bridge year program and funding treatment.

Jeanne

**Subject:** Gas Sweep Part 2 Meeting?

Jeanne, Simon,

Now that the gas sweep data request has been submitted and we're in process of preparing the memo for you, it would be a good time to check in. We're not sure if you were planning on issuing a ruling based on the data response or taking another action.

Should we get together in person or phone over the next week to discuss next steps? Thursday afternoon seems to be a generally good time.

Thanks.

Shilpa
