Subject: Re: Meeting with Goals/Potential Study Consultants

Dina, hope you are having a great day. I left you a voice mail earlier but wanted to follow up with this email as well. I talked with the leads from SCE and SDG&E this morning and also our M&E and Policy and Planning leads here at PG&E. The best time for us to meet would be next week Wednesday or Thursday or possibly Friday afternoon. What would be very helpful is if prior to the meeting we could take a look at Navigant's proposal to get a sense for the methodology they had in mind and the level of detail they were considering for the potential study in particular. Can you let me know if that will be possible?

Give me a call if you would like to discuss. Thanks. ~ Rick

**Subject:** Meeting with Goals/Potential Study Consultants

Hi all,

It's finally time to coordinate a meeting with the IOUs and the Navigant Consulting, who will be conducting the Goals/Potential Study, so that you can provide early input as they develop the scoping plan. The scoping plan will then be presented in a public workshop for feedback.

Let me know what your availability is in the next two weeks so we can coordinate, I am also happy to have an early discussion with you on the phone in order to get a sense of the agenda for the meeting.

Cheers,

**Dina Mackin**
