Subject: 2011 RPS Procurement Plans

SCE, PG&E, and SDG&E,

The decision approving your 2011 RPS Procurement Plans has been mailed today. Thus, per the adopted schedule listed in Appendix B of the decision, your amended RPS Procurement Plans are due 14 days from today.

Any request to change the schedule should be made following Rule 16.6 which requires that requests must be received by the Executive Director at least three business days before the existing date for compliance. Please coordinate if more than one utility would like to make a request and please send me a copy of the request.

To ensure efficient and timely review of your amended 2011 Plans, please include a clear description of the changes made, including the location within the Plans of the changes. A redlined version should also be included comparing your amended Plan to your most recently filed draft Plan.

If you have any questions regarding the above, or additional questions please feel free to contact me.

Thank you,
Cheryl Lee
