CONFIDENTIAL PROTECTED MATERIAL UNDER GENERAL ORDER 66-C

Jason - See the attached response. Please note that the only difference is the addition of Copper Mt II, which was inadvertently left off of the prior list.

Thanks,

Subject: Bilat info for North Star

[Redacted]

Similar to the Shiloh DR, I am looking for information on current bilats that PG&E is currently negotiating/being offered for the North Star DR. I have attached the file you sent me a while back that Maggie put together. In addition, can you please have someone put together some simple datapoints surrounding what has changed on the list since it was last assembled and when the changes occurred (i.e. when and why negotiations terminated with a developer on a specific project).

I have to move quickly due to some logistical issues internally. What is your best guess on timing to get this sent over?

Thanks David,

Jason
