We're confirming but Ed Ondak did sponsor testimony in the OIL. It's part of the official filed testimony, and not the thousands of pages of supporting documentation. We would not characterize his testimony the same way as the reporter is characterizing it, but I asked folks to double check it to see if that is at all what this reporter could be talking about. Jennifer or Beth will follow up w/ you tomorrow.

Subject: Ondak Doc?

Hi Brian and Trina,

A reporter from the Chronicle says that PG&E submitted to the CPUC a statement from Edward Ondak, a former Western Region director for pipeline safety, which talks unfavorably about PHMSA and its processes.

Do you have any idea what the reporter is talking about and if so, can you send me the document? I'm thinking it may be in the hundreds of pages of documents submitted Monday, but I may be wrong.

Thanks!

Terrie
