SAN DIEGO GAS & ELECTRIC COMPANY

APPLICATION OF
SAN DIEGO GAS & ELECTRIC COMPANY
(U 902 M) FOR APPROVAL OF LOW-INCOME
ASSISTANCE PROGRAMS AND BUDGETS FOR
PROGRAM YEARS 2012-2014

(A.11-05-020)

NOTICE OF APPLICATION

**SAN DIEGO GAS & ELECTRIC COMPANY
NOTICE OF FILING OF LOW-INCOME PROGRAM
APPLICATION NO. A.11-05-020**

On May 16, 2011, San Diego Gas & Electric Company (SDG&E®) filed with the California Public Utilities Commission (CPUC or Commission) its request for approval of proposed funding of Program Years 2012-2014 for the Energy Savings Assistance Program and administrative costs associated with the California Alternate Rates for Energy Program (CARE). These programs are directed at assisting qualified low-income customers with their energy bills and helping customers use energy more efficiently. SDG&E seeks approval of funding in the amounts of \$25.777 million, \$26.419 million and \$26.805 million for 2012, 2013 and 2014, respectively.

If the Commission approves the 2012-2014 Energy Savings Assistance and CARE program proposed budgets, SDG&E will adjust rates to reflect authorization of increased costs. Electric rates will increase by \$7.673 million in 2012, by \$16.231 million in 2013 and by \$17.033 million in 2014, compared to present rates to fully fund the 2012-2014 authorized programs. Gas rates will increase by \$2.257 million in 2012, by \$3.114 million in 2013 and by \$3.683 million in 2014, compared to present rates to fully fund the 2012-2014 programs authorized by the Commission. SDG&E requests that the proposed electric and gas rates and revenue requirement increases become effective on January 1, 2012, or as soon thereafter as possible.

The tables below show the 2012-2014 electric and gas rate impacts compared to presents rates resulting from the proposed Public Purpose Program surcharge portion of the total bill.

CPUC PROCESS

The CPUC may hold Evidentiary Hearings (EHs) whereby parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record can participate. The CPUC has its own court reporters who will record the comments of those formal parties or record participating in the EHs. The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed draft decision. When the CPUC issues a final decision on the application, it may adopt, amend or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SDG&E's formal request.

If you would like additional information or would like to attend these hearings, you can contact the Public Advisor's Office. You may also send your comments to the Public Advisor's Office, 320 West Fourth St., Suite 500, Los Angeles, CA 90013 or send an e-mail to public.advisor.la@cpuc.ca.gov. **SAN DIEGO GAS & ELECTRIC COMPANY
 NOTICE OF FILING OF LOW-INCOME PROGRAM
 APPLICATION NO. A.11-05-020**

On May 16, 2011, San Diego Gas & Electric Company (SDG&E®) filed with the California Public Utilities Commission (CPUC or Commission) its request for approval of proposed funding of Program Years 2012-2014 for the Energy Savings Assistance Program and administrative costs associated with the California Alternate Rates for Energy Program (CARE). These programs are directed at assisting qualified low-income customers with their energy bills and helping customers use energy more efficiently. SDG&E seeks approval of funding in the amounts of \$25.777 million, \$26.419 million and \$26.605 million for 2012, 2013 and 2014, respectively.

If the Commission approves the 2012-2014 Energy Savings Assistance and CARE program proposed budgets, SDG&E will adjust rates to reflect authorization of increased costs. Electric rates will increase by \$7.673 million in 2012, by \$16.231 million in 2013 and by \$17.033 million in 2014, compared to present rates to fully fund the 2012-2014 authorized programs. Gas rates will increase by \$2.257 million in 2012, by \$3.114 million in 2013 and by \$3.683 million in 2014, compared to present rates to fully fund the 2012-2014 programs authorized by the Commission. SDG&E requests that the proposed electric and gas rates and revenue requirement increases become effective on January 1, 2012, or as soon thereafter as possible.

The tables below show the 2012-2014 electric and gas rate impacts compared to presents rates resulting from the proposed Public Purpose Program surcharge portion of the total bill.

CPUC PROCESS

The CPUC may hold Evidentiary Hearings (EHs) whereby parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record can participate. The CPUC has its own court reporters who will record the comments of those formal parties or record participating in the EHs. The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed draft decision. When the CPUC issues a final decision on the application, it may adopt, amend or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SDG&E's formal request.

If you would like additional information or would like to attend these hearings, you can contact the Public Advisor's Office. You may also send your comments to the Public Advisor's Office, 320 West Fourth St., Suite 500, Los Angeles, CA 90013 or send an e-mail to public_advisor_la@cpuc.ca.gov. Any correspondence received will become part of the formal file in this application. Please reference Application No. A.11-05-020 in any correspondence.

CPUC PROCESS

The CPUC may hold Evidentiary Hearings (EHs) whereby parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record can participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EHs. The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed draft decision. When the CPUC issues a final decision on the application, it may adopt, amend or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SDG&E's formal request.

If you would like additional information or would like to attend these hearings, you can contact the Public Advisor's Office. You may also send your comments to the Public Advisor's Office, 320 West Fourth St., Suite 500, Los Angeles, CA 90013 or send an e-mail to public.advisor.la@cpuc.ca.gov. Any correspondence received will become part of the formal file in this application. Please reference Application No. A.11-05-020 in any correspondence. **CNS#2105288**
