Hey, if it works for you, it works for us. What time? I'd like you to talk to the folks directly involved, so if you don't mind doing this sometime after 10:00 (or 10:30 to be safe), it will give them a chance to fly up here that morning.

PG&E is still waiting for feedback from SDG&E and SoCalGas on the motion. I'm sure once we give it to them, Sid will get you a draft. We will also be prepared to show you how the numbers work for us.

Sid actually hasn't sent me anything yet. We had talked about him possibly sending me two items 1) data on gas \$\$\$ in a way they wanted to present vs how we are asking, since data requests are hard sometimes 2)an outline of a proposal. If you want to send me those also feel free.

In terms of dates, I'd prefer 6/8 so we don't lose more time on this...

Michael,

SDG&E, SoCalGas and PG&E (pending availability) would like to meet with you to discuss the impacts of and solutions to the potential budget provision that would use gas surcharge funds to help balance the state budget. I believe Sid sent you the draft motion we are considering filing. Please let me know if you are available on any these days:

- Wednesday, June 8 (the day before the CPUC meeting)
- Wednesday, June 15 after 11:30
- Thursday, June 16

Sid, I hope these dates work for you, but please say so if they don't!

Thanks.

Billy
