Sorry for the delay. The best person I can think of is Rick Ridge. Let me know if you want his number or if I'm too late.

Subject: inquiry about facilitators

Hey, I am trying to come up with a list of potential meeting/workshop facilitators for the EM&V workshops this summer/fall. My goal is to NOT have KEMA or ED do the facilitation, for obvious reasons. I want someone that is removed from the process and does not need to know a single thing about EM&V work, or EE, of the Commission. I want someone that can move things along, gather consensus, cut things off when needed, keep people on point, etc....

Any suggestions?
