Sandy,

Thanks for your reply. I wish I could tell you that we've had follow-up from PG&E. I did send their Innovator Pilot Grant "hotline" an email, to make the same inquiry but again, no response. Curious and, if I'm honest, of course we're anxious to hear.

Thanks again,

Demetra J. McBride

Subject: PGE Innovator Pilot Grant Program

Dear Sandy:

We met a couple weeks ago in San Diego at CCSE, and spoke briefly about the PGE Innovator Pilot Grant Program.

The local agencies were originally advised that PGE and the CPUC would confirm their award recommendations in mid-April. While we understand the many budget and other priorities that have overwhelmed local and state governments and agencies, there is of course optimism that the decision-making process on this cycle will conclude shortly.

In San Diego, you asked me to email you with a specific request for more information that the CPUC may have. My last information was that PGE had forwarded its recommendations to the

CPUC and was awaiting your agency's response.

Thanking you in advance for any further information you may be able to provide.

Cordially,

Demetra J. McBride
