Subject: Re: Availability for a meeting tomorrow afternoon at CPUC

Michael:

I would very much like to attend.

Unfortunately, PG&E's Finance Committee of the Board takes place tomorrow from 2:00 to 3:45. I cannot miss this board meeting.

Can we explore scheduling a meeting starting at 4:00 or 4:30 tomorrow?

Thanks very much!

Fong

Michael. Thank you for arranging. The time works for me.

Tom Georgis  
Senior Vice President  
SolarReserve

Hi all

I am trying to organize a meeting tomorrow afternoon to discuss the RA import issue

that has come up between PG&E and SolarReserve. Commissioner Ferron would like to meet with the appropriate folks from Solar Reserve, PG&E, CAISO and relevant CPUC staff tomorrow. This is coming from a call from the Governor's office from over the weekend and apparently some DOE money is in play as well.

Please let me know if 2PM tomorrow (6/14) is a good time. Please forward on to anyone else who should be included that I may have omitted.

Many thanks  
- Michael
