**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking on the
Commission's Own Motion to Adopt New
Safety and Reliability Regulations for Natural
Gas Transmission and Distribution Pipelines and
Related Ratemaking Mechanisms.

Rulemaking 11-02-019
(Filed February 24, 2011)

**REPLY COMMENTS OF CALIFORNIANS FOR RENEWABLE ENERGY,
INC. (CARE) ON PROPOSED DECISION**

1. INTRODUCTION

Pursuant to Rule 14.3 of the Commission's Rules of Practice and Procedure, the Californians for Renewable Energy, Inc. (CARE) submits the following reply comments on the May 10, 2011, Proposed Decision by ALJ Bushey ("PD").

2. DISCUSSION

CARE supports and incorporates by reference the reply comments and proposed changes to the PD in Appendix A of the Plumbers, Pipe Fitters and Steamfitters Local Unions Nos. 246 and 342, and their individual members (collectively, "Pipe Fitters Unions") reply comments; their proposed PD changes allow for necessary process validation as put forward therein; which allows for establishing by objective evidence that the testing process consistently produces a result or product meeting its predetermined specifications; that processes are developed according to the design controls and validated; and the process specifications, are derived from the specifications for the device, component or other entity to be produced by the process; and the process is developed such that the required parameters are achieved to ensure that the output of the process will consistently meet the required parameters during routine production; and

therefore that the process is validated so as to insure the greatest degree of safety achievable for workers, customers, and the public at large.

Respectfully submitted,

Michael E. Boyd President (CARE)
CALifornians for Renewable Energy, Inc.
5439 Soquel Drive
Soquel, CA 95073
