Subject: Re: Proposed meeting tomorrow w/ Jane Yura and Paul Clannon

Julie,

Per our conversation earlier, we would like to give you and Paul and update tomorrow on what pressure reductions we have taken and will be taking in the next day along with any implications.

We are still trying to assess potential for curtailments. Unfortunately, we will not have an answer on that until later this evening.

If it would be helpful, I will send you an email tonight when we know. Please call me anytime on my cell if you need to at: 415-5616-8347.

Jennifer
