Don:

I wanted to see if you had heard anything from the Commission regarding Sustainable Conservation's request to shorten time for responses. Per my calculation (and feel free to correct me if I am wrong), responses would be due July 14 if the request to shorten time is granted and July 29 if the normal Commission rules apply. I am copying the service list as I thought others may have the same question given the timing. If you hear anything from the Commission on the request to shorten time, please let us know as soon as possible. Thank you!
