Thank you, Imelda. Do they need an access code to call in? Most likely they will be calling from their respective offices.

Hi Imelda - I just left you a voice mail. Randy Livingston and Brian Cherry are thinking of calling in instead of attending in person. Can you please check with Frank if that is okay, and provide us with the call in number?

Thank you.

David, et al. -

I would like to arrange a meeting between Stewardship Council representatives and the CPUC Legal Division, to discuss -- prior to filing -- the petition for modification described in Allene Zanger's attached memorandum.

I think a "prefiling" meeting of this kind will be useful in helping to sharpen everyone's thinking about what such a petition should ask for and why, as well as process-related questions such as which entity (e.g., PG&E or the Council) should file the petition.

I am copying Imelda Eusebio in Legal Division's front office, and will ask that she arrange such a meeting.

David and Allene, please let Imelda know if there are additional Stewardship Council participants in addition to yourselves who you would like to be invited. Please also advise whether you think we should invite people from PG&E.

Thanks, all.
