Subject: RE: SmartMeter Technology Advisory Panel Meeting - June

TAP members,

Thanks so much for your time and input on Wednesday. I thought it was a very productive session, and I really appreciated the frank discussion, so I look forward to continuing the conversation regarding the kinds of work on which TAP should prospectively focus.

It came to my attention that some of you -- understandably -- were annoyed that I arrived late on Wednesday. For that, I sincerely apologize. It was my impression that Mark had not yet arrived and we were waiting for him before we would begin, and so I actually was waiting in the lobby for him. That's not to say that this was Mark's fault; it was my misunderstanding and I should have come straight to the conference room. I just wanted to apologize for keeping you all waiting.

I hope you have really nice long weekends.
Cliff
