Subject: RE: ED SmartCharging Pilot update (22 Jul 11) Vfinal.pdf

Thank you Redacted

I've passed this along to the team, and will update you on any follow-up information requested from staff.

I've also asked the DR staff team to consult with ALJ with respect to the Phase 2 AFV Decision language related to duplicative funding requests for 2012-2014 PEV DR pilots.

Best,

Hi Matt,

Thanks for hosting us today. Please see a copy of the presentation attached. As we discussed, I removed the actual names of our vendors from the test results section. As you know, we selected two vendors for comparison of their technology to evaluate interoperability, develop an open, vendor agnostic system, and to seek out insights about the market and technology development, not to rank vendors against one another so I wanted to respect the vendors by keeping them anonymous.

Please share with the rest of the team and let me know if you or anyone else has any questions.

Regards,

Redacted
