Subject: Hi there -- two questions

Matthew --

Hi!

I have two questions for you -- are you working on the gas raid thing? You know, the one where the budget that the gov just signed raids \$155M from the EE gas programs? We have a fix that we plan to file today that I wanted to chat with you about if you are the one working on this.

Second -- will there be an alternate on the current EE PD that establishes ex ante?

I hope you are well! Have a patriotic weekend.

yours,

sid
