Subject: RE: Biomass and GWF updates?

Thanks for the updates

Subject: RE: Biomass and GWF updates?

Scott,

I have updated information on the biomass. We should be presenting the 11 with an executable PPA that provides for a five year extension of the current fixed price in exchange for historical performance today. They will have until August 5th to respond with an executed PPA.

Thanks,
Meredith

GWF is moving along well. We plan to file an application for approval of the PPAs on 7/15.

On biomass, there are 19 facilities seeking price relief. We have reached agreement with 2, anticipate reaching agreement with 6 on open book basis within 30 days and have offered the remaining 11 facilities an executable, fixed price amendment that provides an extension of the IEP fixed pricing. I'm tracking down when we expect to hear back from these 11 facilities and will let you know.

Thanks,
Meredith

Are there any? We're just curious about how these negotiations are proceeding.
