Re: Request for Extension of Time to Comply with Decision 11-04-030

Dear Ms. Smith:

This is in response to your July 18, 2011 electronic mail request for extension. You request an extension, on behalf of San Diego Gas & Electric Company (SDG&E), of time to comply with Decision (D.) 11-04-030. Your request is pursuant to Rule 16.6 of the Commission's Rules of Practice and Procedure (Rules).

D.11-04-030 requires SDG&E to notify the Commission when bidding under its 2011 Renewables Portfolio Standard Request for Offers (2011 RPS RFO) is closed. (Ordering Paragraph 3; Appendix B.) The notification was due on July 11, 2011. You report, however, that bids for SDG&E's 2011 RPS RFO were due on July 11, 2011. You state that SDG&E is still in the process of verifying bid data and determining, in consultation with your Independent Evaluator, that all bids are complete and that the solicitation did in fact close on July 11. You request permission to submit the required notification regarding bid closure by Friday, July 22, explaining that this will give you the opportunity to provide an accurate closing date.

There is no known opposition to your request. Your request is reasonable and is granted. SDG&E must promptly inform all parties of the extension, and must state in the opening paragraph of the notification that the Executive Director authorized the extension. (Rule 16.6.)

Sincerely,

A handwritten signature in cursive script that reads "Paul Clanon".

Paul Clanon
Executive Director
