Subject: Re: Our meeting today

Michael-

In preparing for some additional meetings that we had today with some of the other Commissioner Advisors, we found a small error in the chart that we shared with you on July 20. It only affects the January 1, 2012 rates for non-CARE Tier 3 and 4 usage, increasing both by 0.3 cents per kWh from the version we shared with you.

No other rates for any other year are affected, and it doesn't change the basic message. Nevertheless, I wanted to send you the corrected version (which I've attached below).

Dennis

P.S. We are still working on the RPS info you asked for, but it's taking a while.

Subject: Our Meeting Today

Michael-

Thanks again for taking the time to meet with us. Attached is the two-page (cover sheet and graph) presentation we went over.

<< File: June 2011 Rates v2.ppt >>

We are working on getting you the additional information you requested on RPS costs, and will send that along once we have it.

Dennis
