Hi Shilpa, Brian, and Jonathan-

Peter and I have conflicts at that time tomorrow. Can you meet either at 10:30 or 11:00 this morning for a quick 30 minute meeting to hear your concerns? If so, please reply quickly and I will set up a line.

Lisa,

We're concerned about the conflict of interest that exists among the contractors, as well as the scope of the work and its value-add to the process. This is why it was not appropriate to have the contractors on the call.

Hope this information helps.

Thanks.

Shilpa

I realize there is confusion with this meeting request. Shilpa, can you please provide more description for what you want to discuss?

Thanks.

Lisa,

Let's hold off the meeting until we have a chance to read Itron's responses. We would then like to have a call with just ED. We can then decide how to bring Itron in on next steps. Are you available for a PG&E/ED call on Friday at 9 AM?

Thanks. We did not realize earlier that Itron was invited.

Hi Shilpa –

At this point, in order to have a more productive discussion, we should either 1) hold off meeting until you all have read the responses Itron sent in prep for the meeting just this morning or 2) proceed with the meeting as planned, including the itron folks.

What do you prefer?

Importance: High

Lisa,

I just left you a voicemail on this and am following up with an email. We just noticed that Itron was invited to this call and are concerned that we will not be able to have an open dialogue on our views with them present.

Can we keep this call to PG&E and ED? At a later date, if it makes sense, we can have Itron on the call

to follow-up.

Thanks.

Shilpa
