

## **2011 Sustainable Energy Study & Discussion Tour**

**Stockholm, Sweden & Prague, Czech Republic  
August 7 to August 12, 2011**

*This year marks the seventeenth anniversary of the Aspen Accord which was inaugurated by The Energy Coalition as a forum to bring together local governments, utilities, regulators and other key stakeholders to exchange information and perspectives on pressing energy issues. The core purpose of the Aspen Accord is to gain mutual understanding and build innovative partnerships between participants that will achieve significant progress toward a more sustainable energy future.*
