We understand. I think that we will keep the 5th on the schedule. Colette Kersten will be accompanying the Commissioner. Thanks

Ditas, good afternoon and hope all is well.

I'm reaching out to you today to inform you that due to Brian Cherry's scheduled departure, as well as Tom Bottorff, on August 5 for an out-of-country Aspen Accord Meeting, he will not be able to take the power plant tour with Comr Sandoval. Please be informed that members of Brian Cherry's staff (John Hughes and Sid Dietz, Directors) will be there for Comr Sandoval's August 5 visit tour of PG&E's Diablo Canyon Power Plant.

If Comr Sandoval wishes to reschedule the tour to when Brian returns from the Aspen Accord meeting, please let me know and I'll be happy to work with you in setting the new date.

Please advise.

Thank you for your attention.

I was just informed by the Commissioner that she had a conflict that week that was not on her calendar. She unfortunately cannot make the 4th as she has to be in Santa Clara til noon. If she left Santa Clara (driving) on Thursday afternoon, she could make it in time for Friday August 5th however. I apologize as this other commitment was not on her work calendar.

Please let me know. I'm so sorry this has been a difficult scheduling challenge.

Hi Jovita,
Enclosed pls find Draft Tour Schedule for Comr Sandoval's review. Please let me know if you have any question or concern regarding the tour schedule.

2ndly, if Comr Sandoval is considering spending the night day before the tour, Avila La Fonda Hotel, located at 101 San Migue Street, Avila Beach (tel.# 805/595-1700), is offering Gov't rate of \$129 (with limited availability, as of this morning). San Luis Obispo airport is about 10.5 miles to the hotel, and from hotel to PG&E Energy Education Center (tour location starting point, 6588 Ontario Road, San Luis Obispo) is about 3.2 miles away.

FYI - I have our group staying at the Avila La Fonda Hotel for 1-night (Aug 3).

Again, if you have any question, please do not hesitate to contact me. Thank you.
