Subject: Going back to school

After 5 years in Energy Division at the CPUC I've decided to head back to school. I've been accepted into the Masters in Public Policy program at UC Berkeley and will start in mid August--though math camp begins for me next week (luckily!).

This is my last week as a full time staffer, but I'll be continuing to work Fridays over the next several months in order to tie up loose ends. It's been a pleasure to work beside each of you and I look forward to seeing what the future will bring.

My personal email is Redacted and I would love to stay in touch. I'm also on LinkedIn and will only be a short hop across the bay in Berkeley so keep me in mind for social events. I'll also be continuing to paint and do art (some of you may not know I also do this!) so please sign up for my mailing list if you're interested in receiving show announcements, www.mikhailharamati.com.

It's been incredible getting to know all you of you, and I continue to be surprised and impressed by the caliber of staff who work with and for the Commission. I look forward to our paths crossing again in the near future.

Kindly yours,

Mikhail
